## MORE POWER FOR YOUR TRACTOR!

SF Sonic presents the full range of storage power solutions manufactured at its state of art factories. The rugged power packed range starts from cars, SUVs, trucks, tractors, construction vehicles, two wheelers and extends to batteries for e-rickshaws, gensets, inverters and solar applications. Whatever the application SF Sonic ensures that you not only get the fail safe reliability of new age technology but also more power per crank, year after year.

### SF SONIC ADVANTAGE:

- **Plates with Special Paste Formulation:** Repetitive Cranking & Longer life
- **Grid alloy with improved corrosion resistance:** Low water loss and longer life
- **Polyethylene separator along with textured glass mat double clad separator:** Withstand high vibration in arduous road conditions
- **Venting through filter disc:** Avoid external spark and reduce water loss
- **Quick rechargeability in service:** Special paste recipe enables quick recharging of batteries

### ZAMINDAR SPECIFICATION:

SF Sonice Zamindar batteries are built for tough Indian rural conditions with high power output and low maintenance durability

- **Vibration resistant grid design:** prevent active material shedding on rough rural road conditions and extend battery life
- **Low maintenance:** Minimum servicing required
- **High heat tolerance:** Reduces fire risks
- **High Cranking Power:** For easy cold starts across years
- **Sophisticated Venting:** Protects from acids spills and fumes
- **Bottom anchoring of the groups:** For better vibration resistance
- **Advanced hybrid alloy system:** For high cranking power
