MORE POWER FOR YOUR TRUCK!

SF Sonic presents the full range of storage power solutions manufactured at its state of art factories. The rugged power packed range starts from cars, SUVs, trucks, tractors, construction vehicles, two wheelers and extends to batteries for e-rickshaws, gen-sets, inverters and solar applications. Whatever the application, SF Sonic ensures that you not only get the fail safe reliability of new age technology but also more power per crank, year after year.

SF SONIC ADVANTAGES:

- In PSoC (partial state of charge), SF Sonic batteries perform better. This means more assured performance in frequent multiple cranks.
- SF Sonic batteries have SUPERIOR CHARGE ACCEPTANCE. Which means, from the state of PSoC, our batteries recover to full charge quicker.
- In cold conditions, SF sonic batteries' performance is more than adequate and completely dependable.
- The superior power performance of SF Sonic batteries, as detailed above, is the result of a proprietary and homegrown alloy, which is highly corrosion-resistant.

SF SONIC JUMBO SPECIFICATION:

SF Sonice Jumbo batteries are built for tough Indian conditions with high power output and low maintenance durability

- **Vibration resistant grid design:** prevent active material shedding on rough rural road conditions and extend battery life
- **Low maintenance:** Minimum servicing required
- **High heat tolerance:** Reduces fire risks
- **High Cranking Power:** For easy cranking throughout the years
- **Sophisticated Venting:** Protects from fumes and acid spills
- **Double Clad Separators:** Better vibration resistance for truck application on arduous road conditions
