MORE POWER FOR YOUR CAR BATTERIES

SF Sonic presents the full range of storage power solutions manufactured at its state of art factories. The rugged power packed range starts from cars, SUVs, trucks, tractors, construction vehicles, two wheelers and extends to batteries for e-rickshaws, gen-sets, inverters and solar applications. Whatever the application SF Sonic ensures that you not only get the fail safe reliability of new age technology but also more power per crank, year after year.

TECHNICAL SPECIFICATIONS TURBO BATTERIES FOR CAR & SUV APPLICATION

Battery Type	Part Number	Voltage (V)	C20 Capacity (Ah) (Ref.)	Warranty	Layout	Maximum Overall Dimension (mm)

Special Features

- **Especially for Indian Conditions:** Specially designed for CARs & SUVs applications with Black Polypropylene container. Battery container corners are reinforced with ribs in order to make it rugged to withstand bumps and vibrations
- **Technology:** Optimized Alloy System to suit high temperature. This Alloy System also ensures low maintenance in service
- **Reduced Effect of Vibration:** Compact element design ensures battery to withstand high vibration in application
- **Easy Handling & Spill Proof:** Slot in lid for 35 Ah type, dual PP handles for 65Ah type for easy handling. Anti-splash guard feature in Lid improves spill resistance characteristic
- **Instant start every time:** Good cranking power and better life expectancy ensure customer satisfaction
- **Ready to use:** Batteries are factory charged

Delhi: 8/42 Kirti Nagar Industrial Area, Opposite MDH Spice Factory, New Delhi - 110 015
